Overview

Pharmacovigilance regulations in Asia are dynamic and fast-changing. As the Asia-Pacific region becomes increasingly important for pharmaceutical companies, it's vital to ensure compliance and safety by staying informed of the latest regulatory developments.

This two-day pharmacovigilance webinar has been designed to provide a comprehensive guide to compliance in this geographic region. It will provide an ideal opportunity to keep up-to-date with the latest Good Pharmacovigilance Practices (GVP) and post market PV operations in China, and post-market pharmacovigilance regulations in Singapore, Malaysia, the Philippines, and Australia.

Our panel of experts from this region will provide an overview of Good Pharmacovigilance Practices and discuss pharmacovigilance-related requirements. Gain key takeaways to better understand the new GVP regulations and pharmacovigilance compliance in these countries.

Don't miss this opportunity to learn from industry leaders and enhance your knowledge of dynamic and fast-changing regulations in Asia, and the growing market in the Asia-Pacific region.
