# An Introduction to Technology Transfer for Solid Dosage Forms

**14 November 2025**  
+ 6 March 2026

This course covers technology transfer for solid dosage forms, focusing on best practices, strategies, and real-world challenges through interactive sessions and case studies.

**Format:**  
Live online

**CPD:**  
6 hours for your records

Certificate of  
completion

# Course overview

**This course offers a foundational understanding of technology transfer specific to solid dosage forms, blending theoretical insights with practical applications.**

Through interactive sessions and case studies, participants will explore best practices for scale-up and technology transfer, strategise for smooth transitions, and master the critical do's and don'ts of the process. Real-world examples will be analysed to highlight practical challenges and solutions, equipping learners with the tools needed for effective implementation in the pharmaceutical industry.

## Benefits of attending

- **Gain** practical knowledge from interactive sessions and case studies
- **Learn** an outline of the proven best practices for scale-up and technology transfer
- **Discover** how to strategise for a seamless technology transfer
- **Enhance** your understanding of the do's and don'ts during technology transfer
- **Analyse** real-world examples to understand practical application and challenges

## Who should attend?

- Project managers
- Tech transfer specialists
- CMO managers
- R&D process managers
- Manufacturing project managers

# Programme

## **Quality by design principles during process development and scale-up**

- Pharmaceutical QbD: why is it needed? What is it?
- The importance of a good quality target product profile
- How to best identify critical quality attributes, critical material attributes and critical process parameters
- Examples of QbD for different formulations

## **Quality by design principles during process development and scale-up**

- Risk and science-based development: how to apply ICH Q9
- Process control strategy: how to build an appropriate control strategy
- Risks for solid dosage formulations: overview and examples
- Case study in groups

## **Technology transfer challenges**

- When/why to perform a technology transfer
- How to perform a technology transfer: ideal vs real life examples
- Outsourcing and its challenges (also from a CMO perspective)

## **Planning for a seamless technology transfer**

- How to assemble a tech transfer team
- Planning: activities and documentation
- Example: best practices at sending and receiving site
- The importance of engineering runs
- Case study

# Presenter

## **Laura Buttafoco**

Laura's areas of expertise include CMC strategy, technology transfer, process scale-up, validation, program management, GMP compliance and risk management. Laura has spent nearly 20 years in the industry where she has contributed to both small and large molecule projects. Acting as the main point of technical contact, as well as project/program manager, she has been responsible for completion of technology transfer and exhibit batches production in cooperation with various CMOs in EU, India and China. Currently she operates as independent consultant for Protea, her own company ([www.protea.services](http://www.protea.services)). In this role, she has worked on a variety of therapeutics and she has a proven track record of successfully closed large Capex assignments on behalf of medium as well as large and well-established pharmaceutical companies.

# Course dates

**14 November 2025**

**Live online**

09:00-16:30 **UK (London)** (UTC+00)

Course code 15571

GBP ~~649 749~~

EUR ~~909 1,049~~

USD ~~1,043 1,199~~

**Until 10 Oct**

**6 March 2026**

**Live online**

09:00-16:30 **UK (London)** (UTC+00)

Course code 15572

GBP ~~649 749~~

EUR ~~909 1,049~~

USD ~~1,043 1,199~~

**Until 30 Jan**

## How to book

**Online:**

[ipi.academy/3202](https://ipi.academy/3202)

Alternatively contact us to book, or if you have any queries:

**Email:**

[info@ipiacademy.com](mailto:info@ipiacademy.com)

**Phone:**

[+44 \(0\)20 7749 4749](tel:+442077494749)

## Discounts

- Booking more than one delegate on any one date qualifies for a **30% discount** on the second and subsequent places.
- Most events qualify for an **early booking discount** prior to 6 weeks before the course date. Be sure to check on our website, where the latest discounts will be shown.

## Further information

### Fee

The fee includes all meals and refreshments for the duration of the course (for venue-based courses) and a complete set of course materials (provided electronically). If you have any particular requirements, please advise customer services when booking.

### Please note

IPI Academy (and our training partners) reserve the right to change the content and timing of the programme, the speakers, the date and venue due to reasons beyond their control. In the unlikely event that the course is cancelled, we will refund the registration fee and disclaim any further liability.

### Terms and conditions

The rest of our terms, the event cancellation policy and the terms and conditions are on our website, please visit [ipi.academy/content/terms-and-conditions](https://ipi.academy/content/terms-and-conditions)

## Run this programme in-house for your whole team

Coming to IPI Academy for your in-house training provides an all-inclusive service which gives you access to a wide variety of content, learning platforms and delivery mechanisms as well as your own personal training adviser who will work with you from the initial enquiry through to feedback and follow-up after the programme.

With over 600 trainers, all practitioners and experts across a huge range of fields, we can provide the training you need, where you need it, when you need it, and at a price which suits your budget. Our approach to tailored learning and development consists of designing and delivering the appropriate solution for each client.

For your FREE consultation and to find out more about how we can work with you to solve your training needs, please contact our training advisers:
